

浙江永隆實業股份有限公司
ZHEJIANG YONGLONG ENTERPRISES CO., LTD.*
(a joint stock limited company incorporated in the People's Republic of China)
(Stock Code: 8211)

**THIRD QUARTERLY RESULTS ANNOUNCEMENT
FOR THE NINE MONTHS ENDED 30 SEPTEMBER 2015**

**CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE
STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)**

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

This document, for which the directors of Zhejiang Yonglong Enterprises Co., Ltd. (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of The Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The directors of the Company, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this document is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this document misleading.

Notes:

- (a) Other reserve represents dividends waived by the holders of domestic shares, net of tax effect and the deemed contribution arising from the discounting of the non-current interest-free loan from ultimate holding company of the Company.
- (b) As stipulated by the relevant laws and regulations in the People's Republic of China (the "PRC"), the Company is required to appropriate 10% of its after-tax profit (after offsetting prior years losses) to general reserve fund until the balance of the fund reaches 50% its registered capital and thereafter any further appropriation is optional. The general reserve fund can be utilised to offset prior year losses, or for conversion into registered capital on the condition that the general reserve fund shall be maintained at a minimum of 25% of the registered capital after such utilisation.
- (c) Profit appropriation is subject to the approval of the board of directors. In accordance with the Articles of Association of the Company, the reserve available for distribution is the lower of the amount determined under the generally accepted accounting principles in the PRC and the amount determined under Hong Kong Financial Reporting Standards. At 30 September 2015 and 2014, no reserves were available for distribution due to accumulated losses being noted.

MANAGEMENT DISCUSSION AND ANALYSIS

Financial review

For the nine months ended 30 September 2015, the Company recorded a revenue of approximately RMB138.31 million, represents a slight decrease of approximately 5.5% when compared with the same period in 2014. It was mainly due to significant decrease in subcontracting fee income of approximately 41.64% as the Company concentrated in the business of manufacturing and sales of woven fabrics. Compared with the corresponding period in 2014, revenue from the local market increased by approximately 38.57% and export to Europe also increased by approximately 82.24% as the Company re-entered the European market. The gross profit margin increased from approximately 10.35% to 12.56% which was contributed from the effective cost control and sales of higher value-added products that in return have better profit margin.

The selling and distributed costs for the nine months ended 30 September 2015 increased by approximately 35.48% when compared with the corresponding period in 2014 mainly due to salary, sampling and exhibition fees increased in line with the Company's strategies of developing local and overseas markets. The administrative expenses increased sharply by approximately RMB1,800,000 or approximately 48.12% mainly due to staff retirement benefits fund contribution overprovided in previously years and adjustment was made in 2014, except for that, there was no material changes in other administrative expenses during the nine months ended 30 September 2015.

Other income and gains increased by approximately RMB2.78 million during the nine months ended 30 September 2015 when compared with the corresponding period in 2014 as there was significant gains on disposal of old production machinery, government subsidies and bank interests income during the periods in 2015. Except for the finance cost of approximately RMB21.13 million in respect of imputed interest in non-current interest-free loan due to ultimate holding company, there was net profit before finance cost of approximately RMB15.75 million for the nine months ended 30 September 2015. The respective loss per share for the nine months ended 30 September 2015 and 2014 were approximately RMB0.51 cents and RMB0.52 cents respectively.

Business and operation review

The Company re-entered the European market during the nine months ended 30 September 2015 as it's one of the market that used to demand for high value-added products and willing to pay for better price. During the nine months ended 30 September 2015, sales of woven fabrics to the domestic markets increased by approximately 38.57% mainly due to increase of local demand. The Directors expect that the global economic environment is expected to recover gradually in the next few years, the Company will continue to place efforts in expanding the domestic market and diversifying the overseas market. In addition, over time, China has shifted from low-end products to focus on high value-added products. As such, the Directors see greater potential in the luxury fashion wear market in the PRC and overseas and expect going forward, the Company will concentrated in production of high value-added products.

Production facilities

During the nine months ended 30 September 2015 under review, the Company spent approximately RMB114,000 in additions of office and factory equipment and approximately RMB144,000 in upgrading of plant and machinery.

Product research and development

During the nine months ended 30 September 2015, the Company continued to innovate and develop new product so as to meet the customers' need and enhance sales orders from customers.

Sales and marketing

During the nine months ended 30 September 2015, the Company actively participated in various trade fairs held in PRC and overseas so as to gain exposure in the fabrics market and to popularise the Company's new products.

OUTLOOK

The Directors expect that the textile industry will continue be impacted by the high labour cost in year 2015. In order to increase the production output and to meet the future market demands, the Company intends to replace production machines with lower efficiencies by end of 2015 with new and advanced production machines. In addition, in order to (i) enhance a stable supply of electricity and steam for the production of the Company, (ii) insulate the Company from the potential increase and fluctuation in the market of electricity and steam, and (iii) enable the Company to stay competitive in the fabric industry, the Company and Zhejiang Yongli Thermal Electricity entered into another electricity and steam supply agreement on 11 May 2015 ("2015 Agreement"). The 2015 Agreement was approved by the shareholders of the Company at the extraordinary general meeting of the Company held on 31 July 2015. In recent years, the increase of household income in China results in the boost in domestic consumption of consumer goods. Along with the increase in consumption power, the end-customers become more quality and price sensitive, in particular with respect to apparel. In addition, the global economic environment is expected to recover gradually in the next few years. During the nine months ended 30 September 2015, the Company re-entered the European market where high value-added products are demanded and in return better price is willing to pay. As such, the Directors see greater potential in the luxury fashion wear market in the PRC and overseas. The Company will continue to place sales efforts in expanding the domestic markets and diversifying and exploring other overseas markets. Also, the Company will place resources in production of high value-added products. The cash and bank balance of the Company as at 30 September 2015 was approximately RMB184.15 million and under the financial support from Zhejiang Yongli, the Directors expect that the Company has sufficient cash resources to meet its present and future cash flow requirements and is able to face with the challenge in 2015 and the near future.
