ANNUAL RESULTS ANNOUNCEMENT FOR THE YEAR ENDED 31 DECEMBER 2023

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and midsized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

This document, for which the directors of \media{Tilden} (Zhejiang Yongan Rongtong Holdings Co., Ltd.*) (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of The Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The directors of the Company, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this document is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this document misleading.

NOTES:

1. GENERAL

Zhejiang Yongan Rongtong Holdings Co., Ltd. (the "Company") is a joint stock limited company established in the People's Republic of China (the "PRC") and the H Shares of the Company are listed on the GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). Its immediate parent is 貴州永利企業管理有限公司 (Guizhou Yongli Enterprise Management Co., Ltd.*) ("Guizhou Yongli"), an enterprise established in the PRC, and its ultimate parent and ultimate controlling party of the Company is 浙江永利實業集團有限公司 (Zhejiang Yongli Industry Group Co., Ltd.*) ("Zhejiang Yongli"), which is established in the PRC.

The principal activities of the Company and its subsidiaries (hereinafter collectively referred to as the "**Group**") are (i) the manufacture and sale of woven fabrics; and (ii) the provision of woven fabrics subcontracting services. The addresses of the registered office and principal place of business of the Company are disclosed in the "Corporate Information" section to the annual report.

The consolidated financial statements are presented in Renminbi ("RMB"), which is the same as the functional currency of the Company.

* English name is for identification only.

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

In the current year, the Group has applied, for its first time, the following new and amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (the "**HKICPA**") which are effective for the Group's financial year beginning 1 January 2023:

HKFRS 17 (including the October 2020 and February 2022 amendments to HKFRS 17)	Insurance Contracts
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies
Amendments to HKAS 8	Definition of Accounting Estimates
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction
Amendments to HKAS 12	International Tax Reform-Pillar Two Model Rules

Except as described below, the application of the new and amendments to HKFRSs in the current year has had no material effect on the Group's financial performance and positions for the current and prior periods and/or on the disclosures set out in these consolidated financial statements.

Impact on application of Amendments to HKAS 1 and HKFRS Practice Statement 2 — Disclosure of Accounting Policies

The amendments to HKAS 1 and HKFRS Practice Statement 2 Making Materiality Judgements provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The application of the amendments has had no material impact on the Group's financial performance and positions, but has affected the disclosures of accounting policies.

Impact on application of Amendments to HKAS 8 — Definition of Accounting Estimates

The amendments to HKAS 8 clarify the distinction between changes in accounting estimates, and changes in accounting policies and the correction of errors. They also clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the consolidated financial statements of the Group.

Impact on application of Amendments to HKAS 12 — Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The amendments to HKAS 12 narrow the scope of the initial recognition exemption of deferred tax liabilities and deferred tax assets so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences, such as leases and decommissioning liabilities. Therefore, entities are required to recognise a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability for temporary differences arising from these transactions. The amendments shall be applied to transactions related to leases and decommissioning obligations at the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to the opening balance of retained earnings at that date. For all other transactions, the amendments are applied to those transactions that occur after the beginning of the earliest period presented.

The amendments had no material impact on the consolidated financial statements of the Group.

Amendments to HKFRSs issued but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ³
Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback ¹
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and
	the related amendments to Hong Kong Interpretation
	5(2020) Presentation of Financial Statements —
	Classification by the Borrower of a Term Loan that
	Contains a Repayment on Demand Clause ¹
Amendments to HKAS 1	Non-current Liabilities with Covenants ¹
Amendments to HKAS 7 and	Supplier Finance Arrangements ¹
HKFRS 7	
Amendments to HKAS 21	Lack of Exchangeability ²

¹ Effective for annual periods beginning on or after 1 January 2024

² Effective for annual periods beginning on or after 1 January 2025

³ Effective for annual periods beginning on or after a date to be determined

The directors of the Company anticipate that the application of other amendments to HKFRSs will have no material impact on the results and the financial position of the Group.

As at 31 December 2023, contract liabilities represents receipt in advance from customers was approximately RMB3.93 million (31 December 2022: approximately RMB3.09 million), representing an increase of approximately RMB0.83 million or approximately 26.93% mainly due to sales orders placed by customers during the latest few months ended 31 December 2023.

Deferred income

As at 31 December 2023, deferred income of approximately RMB0.87 million (31 December 2022: approximately RMB1.03 million) represents part of the government subsidy of approximately RMB1,589,000 which was received by the Group in 2020 for encouraging replacement of low productivity machinery and equipment. The amount has been treated as deferred income and transferred to other income over the useful lives of the relevant assets. The policy has resulted in a credit to the other income in the Current Period of approximately RMB158,000 (2022: approximately RMB158,000).

Business and Operation Review

Manufacture and sales of woven fabrics and provision of woven fabrics subcontracting services

The textile sector is the Group's main business. Although China has successfully controlled the outbreak of COVID-19 epidemic and gradually released the COVID-19 pandemic prevention control in late 2022 and early 2023, the textile industry still needs time to recover. During the Current Period, both domestic and export sales of woven fabrics of the Group decreased by approximately 25.34% and approximately 45.60% respectively. In addition, the rise of electricity and labour cost continue to impact the Group and the peer manufacturers. Due to the expectation that the challenging business environment may persist at least in the coming few quarters, the Group understands that it is important to preserve its financial strength. In this regard, measures will continue to be carried out to increase efficiency, reduce cost and improve liquidity.

Water management-related business by associates

Tepia mainly engaged in small and medium-sized reservoirs as the starting point, focusing on "small water conservancy projects", make full use of existing customers and technology accumulation, for water conservancy, water government customers, to provide small water conservancy project operation and maintenance management scheme design, management system development, equipment installation and commissioning, aerial three dimensional data, property management, repair and maintenance. In 2021, Tepia further expanded its business area to the field of industrial circulating water treatment. Through equipment based on electrochemical and electromagnetic mixing physical technology, it solves the problems of industrial circulating water fouling, corrosion, bacteria and algae breeding, and can help customers achieve water saving, energy saving and consumption reduction. The business is mainly aimed at enterprise customers in electric power, chemical industry, iron and steel and machinery manufacturing industries. During the Current Period, due to the outbreak of COVID-19 epidemic in China in late 2022 and the Chinese New Year Holidays during late January 2023, the completion of certain projects has been delayed and the delay of signing of certain project contracts also lead to the delay in commencement of certain projects, hence the revenue decreased in the Current Period when compared to the same period in 2022. In addition, Tepia has concentrated in the business of industrial circulating water treatment, during the Current Period, the revenue on this part of business increased sharply.

The Group has been accounting for the share of results from the Tepia and its subsidiaries ("**Tepia Group**") since its acquisition was completed in August 2019. However, since then, the Tepia Group has experienced a decline in revenue and has been consistently incurring losses. Consequently, the return on the Group's investment in the Tepia Group has been unsatisfactory. Additionally, the slow recovery of the PRC economy and the tightened budgets of local governments, who were previously major customers of the Tepia Group, have adversely affected the demand for its services and the timely payment progress. These challenging operating conditions have also resulted in intense price competition during the project tendering process for the Tepia Group, leading to fewer large-scale and profitable projects in the pipeline.

Based on the abovementioned, the Directors are of the view that the water management business of the Tepia Group is facing weak demand and a challenging operating environment. Therefore, on 22 December 2023, The Company entered into the Equity Transfer Agreement to dispose the equity interest on Zhejiang Shaoxing Huiju in order to dispose of the Tepia Group ("**the Disposal**"). The Directors are of the view that the Disposal presents a favorable opportunity for the Group to realise its investment in the Tepia Group and redirect its resources towards its core business.

Production facilities

During the year ended 31 December 2023, the Group spent approximately RMB28,000 (2022: RMB136,000) for renovation of factory buildings and approximately RMB327,000 for additions of plant and machinery (2022: RMB37,000).

Product research and development

During the year ended 31 December 2023, the Group continued to innovate and develop new product so as to meet the customers' need and enhance sales orders from customers.

Sales and marketing

During the year ended 31 December 2023, the Group actively participated in various trade fairs held in PRC so as to gain the Group's exposure in the fabrics market and to popularise the Group's new products.

Outlook

The Group is principally engaged in the manufacture and sales of woven fabrics. Tepia, being the main investment of the Group, is principally engaged in providing information planning and design, software development, system integration and project-based systems operation and maintenance services for water management systems. The relevant systems and services are used in waterworks planning and management, water resources conservation and utilization, flood prevention and drought control, water environment management and aquatic ecological restoration. It is listed on the NEEQ (Stock Code: 838941) and based in Beijing, the PRC.

As discussed in the above paragraph headed "Business and Operation Review — Water management-related business by associates" in respect of the reasons of the Disposal, the Company has continued to carry out measures to increase efficiency, reduce cost and improve liquidity as the Company is principally engaged in the textile industry in the PRC which still needs time to recover. The Directors are of the view that the water management business of the Tepia Group is facing weak demand and a challenging operating environment. Therefore, the Disposal presents a favorable opportunity for the Group to realise its investment in the Target Group and redirect its resources towards its core business. The net proceeds from the Disposal will be utilised as general working capital of the Group.

Further, due to land resumption implemented by the local authorities, the Group's operations were recently relocated on 5 January 2024. For more details about the land resumption, please refer to the announcement and the circular of the Company dated 3 January 2024 and 5 February 2024 respectively. As part of the relocation process, the Company has disposed certain production machines and equipments that were over 20 years old. This presents an opportunity for the Company to upgrade its product offerings and increase efficiency in production process. By utilizing the compensation proceeds to purchase new machines that are more efficient in producing high-value products, the Company can improve the market competitiveness of its product offerings and enhance profitability.

The Directors considers the Disposal aligns with the Group's business strategies of concentrating resources on its core business in the PRC textile industry. The Directors expect that by utilising the proceeds as mentioned above, the Group will be able to deliver improved financial results to its Shareholders. The Board believes that there will be a favourable external environment in the post-pandemic era. The management of the Group will continue to uphold the principle of maximising shareholder interests, saving costs, increasing revenue, providing high-quality products, and earning greater profits.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

During the year ended 31 December 2023, the Group financed its operations mainly by internally generated cash and financial support from the immediate holding company, Guizhou Yongli.

As at 31 December 2023, the Group's current assets and net current assets were approximately RMB414.87 million (31 December 2022: approximately RMB100.93 million) and approximately RMB137.90 million (31 December 2022: approximately RMB57.63 million) respectively. The liquidity ratio of the Group, represented by the ratio of current assets over current liabilities, was approximately 1.50 (31 December 2022: approximately 2.33). The Group's gearing ratio, represented by the ratio of the interest free loan due to immediate holding company over shareholders' equity, was approximately 0.8% (2022: 19.49%).
